Spotlighting Research Publication Excellence: USM's Top Researchers

The Publication and Printing Unit proudly recognizes the University of Southern Mindanao's standout researchers, whose outputs continue to elevate the university across several fields, including Ecology, Biological Sciences, Agricultural Sciences, Mathematics, Veterinary Medicine, and Social Sciences. Heading the list as USM's most prolific scholar is Krizler Tanalgo, achieving a remarkable H-index of 25.

Demonstrating a strong culture of research leadership, the roster also features several key university officials: President Jonald Pimentel, Vice President for Research, Development, and Extension Debbie Marie B. Verzosa, Research Director Jurhamid C. Imlan, Deans Elizabeth C. Molina and Tamie Solpot, and PPU Head Jan Clyden B. Tenorio.

The metrics presented here are sourced from public Google Scholar profiles as of 7 October 2026. The H-index measures both the publication volume and citation impact of a scholar's output.
