AREA VIII

PHYSICAL PLANT AND FACILITIES

O.3. THE CAMPUS IS SAFE AND WELL- MAINTAINED

O.3. The campus is safe and well- maintained

The campus is a safe, well-maintained, and welcoming environment designed to support the well-being and productivity of students, faculty, staff, and visitors. Regular safety measures and meticulous upkeep ensure a high standard of cleanliness, functionality, and security across all areas of the university grounds.

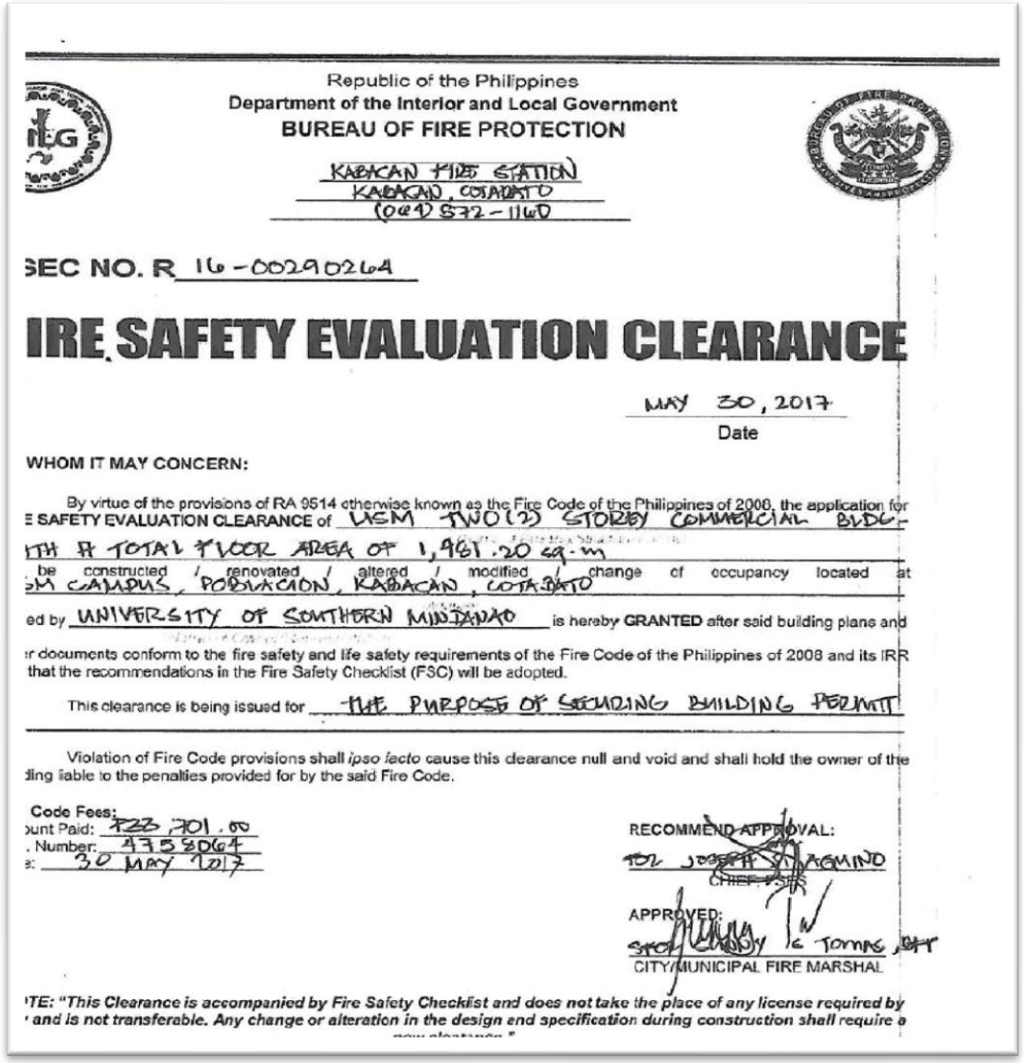

Robust Safety and Security Measures

- **24/7 Security Presence**: The campus is monitored by trained security personnel around the clock, with regular patrols, secure entry points, and strategically placed security stations.
- **Surveillance Systems**: CCTV cameras are installed throughout key areas, including entrances, pathways, and parking lots, providing continuous surveillance to deter incidents and ensure rapid response in emergencies.
- **Emergency Preparedness**: Emergency stations equipped with fire extinguishers, and clear signage are located throughout the campus. Additionally, safety drills and emergency training sessions are regularly conducted to keep the campus community prepared.

2. **Meticulous Ground keeping and Facility Upkeep**
   - **Regular Cleaning and Maintenance**: All facilities, including classrooms, restrooms, dining areas, and outdoor spaces, are cleaned and maintained regularly to ensure a hygienic and pleasant environment.
   - **Landscaping and Green Space Care**: Green spaces, gardens, and walkways are carefully landscaped and maintained, providing a beautiful and relaxing atmosphere that enhances the campus experience.
   - **Upkeep of Buildings and Infrastructure**: Routine inspections and repairs are conducted on all buildings, walkways, and amenities to ensure they remain in excellent condition, minimizing hazards and preventing disruptions.
3. **Lighting and Accessibility**
   - **Well-Lit Pathways and Parking Areas**: Adequate lighting is provided throughout campus pathways, parking lots, and building entrances to ensure visibility and safety during evening hours.
   - **Accessible Facilities**: All campus facilities are designed to be accessible to individuals with disabilities, with ramps, and accessible restrooms strategically located to ensure inclusivity and ease of movement.
4. **Health and Wellness Amenities**
   - **Sanitization Stations and Cleanliness Protocols**: Hand sanitizing stations and clear cleanliness protocols are in place across campus to support health and wellness, especially in high-traffic areas.

- **Health and Counseling Services**: On-campus health services and counseling support provide additional resources for student and staff wellness, contributing to a caring and supportive campus environment.
