THRU: **PROF. MARCOS F. MONDERIN**
Vice President for Academic Affairs

Greetings of peace and solidarity!

I hope this letter finds you in good health and high spirit. On behalf of the College of Health Sciences, I am writing this letter to **ask your good office to allow us to conduct Fire Drill as our activity** that will take place at **College of Health Sciences** on **September 13, 2024, at 8:00 am to 12:00nn.** This drill is to improve safety by familiarizing the evacuating procedures and fostering preparedness for emergencies in the college campus.

Given the potential impact in classes and other activities, we have planned the drill to minimize disruption. The 4th year nursing students will be the participants in the said event since they don't hold any classes in the morning. However, it is important to communicate this event effectively to all stakeholders. We already provided advance notice to faculty, staff, and students and work coordinately to reduce interference with academic schedules and campus events.

Please let us know if you have any concerns or suggestions regarding the timing or execution of the drill. We appreciate your support in ensuring a safe and prepared environment for our college community.

Thank you for your attention to this matter.

Prepared by
JHAN NATHANIEL W. RAMOS
CHS-LSG Governor

Sir Pres., 12 Sept. 2024
This request is favorably endorsed provided that a faculty in-charge should be present during the conduct of this activity with the adviser, and ensure that all safety procedures are complied properly. Ugm
