USM Counseling and Career Department - Office of Student Affairs
November 20, 2025 ·

[**ATTENTION - USM STUDENTS**]
Re-introducing the ***BRIEF PSYCHOSOCIAL WELL-BEING SCREENING AND COACHING PROGRAM*** of the Counseling and Career Department of the Office of Student Affairs.
The Brief Psychosocial Well-being Psychosocial Well-being Screening and Coaching Program is one way of addressing the psychosocial well-being concerns of USM students. The screening phase initially assesses students' current mental state and resilience. The coaching phase, on the other hand, provides appropriate interventions to students identified as needing such.
See images on how to access via the USM Student Portal (https://studentportal.usm.edu.ph/).

The OSA-CCD will keep you posted on the results through your College Guidance Coordinators.

For more details, access the USM AGAPAY Help Desk (https://agapay.usm.edu.ph/auth/register/) and select "Psychological Testing for Students".
You may also visit us at the Counseling and Career Department (CCD) Office, USM Main Campus.

NOTE: The form is only accessible until **November 26, 2025**.

Accomplishing the OSA-CCD Individual Student Record (ISR)

OBJECTIVE	To ensure that information in the Individual Student Record (ISR) is up-to-date.
STEPS	1. The Counseling and Career Department (CCD) personnel shall distribute the printed copies of the ISR to College Guidance Coordinators (CGCs). 2. The CGCs shall schedule and facilitate the filling out of the ISRs. 3. Students shall fill out the ISR. All ISRs shall be initially accomplished by freshmen and transferees upon entrance in the University and updated by students every semester. Filling out shall be done within the first month of the semester. 4. After filling out, students shall review the details and submit the accomplished/updated ISR to the CGCs. 5. The CGCs shall review carefully whether the ISRs are duly accomplished/updated. 6. The CGCs shall organize and keep the accomplished ISRs in filing cabinets/drawers with locks in the College Guidance Office. Access is restricted to CGCs, Guidance Counselors and the CCD Head to prevent unauthorized access.

Dear Ma'am,

Good day!

The Counseling and Career Department is pleased to inform your good office that the Psychological Testing for second year students of the 2nd semester of Academic Year 2024 – 2025 is about to commence. The test to be conducted is the Career Competency Scale – College Students (CCS-CS). The test aims to evaluate students' perceived competencies in the following areas: attitude, behavior, knowledge and skills, attitude towards change, and concept of success.

Test administration is approximately 30 – 45 minutes per session, including instruction, distribution, and retrieval of materials. The College-based Guidance Coordinators, with the help of Psychology interns, will facilitate the scheduling of the test administration in their respective units. Attached is the schedule for your College.

Your support for the Department is essential in providing our students with quality services that foster their holistic well-being. Thank you and more power!

DR. LEORENCE C. TANDOG
Vice President for Academic Affairs
USM, Kabacan, Cotabato

Dear Ma'am,

Good day!

The Counseling and Career Department is pleased to inform your good office that the Psychological Testing for the 1st semester of Academic Year 2025 – 2026 is about to commence. The tests to be conducted are the Career Competency Scale (3rd year) and the Work Habits Attitudes and Productivity Scale (4th year). The tests aim:

1. to evaluate students' perceived competencies in the following areas: attitude, behavior, knowledge and skills, attitude towards change, and concept of success, and
2. to measure their work habits and attitudes, as well as factors that may contribute to their productivity.

Test administration is approximately 30 – 45 minutes per session, including instruction, distribution, and retrieval of materials. The Guidance Coordinators have coordinated with the faculty for the scheduling of test administration in their respective units. Attached is the schedule for test administration.

Results of the tests should be available by the second semester of this academic year and will be utilized for planning programs and activities for the students. In this connection, may we request the dissemination to all colleges as this endeavor will affect the schedules of the students.

Your support for the Department is essential in providing our students with quality and holistic well-being as part of the student services. Thank you and more power!

Respectfully,

Dear Sir/Ma'am:

Attached is the list of students to be invited for a **wellness session** at your college's guidance office.

The wellness session aims to check in on the current mental health status of students who were identified as having elevated levels of depression, anxiety, or stress (during the screening phase). During the wellness session, students will also be invited to participate in a brief psychosocial intervention, scheduled in March 2026 (2 Fridays), at least two weeks after the midterm examinations.

In line with this, we kindly request your assistance in calling the attention of these students to discuss the activity and secure their consent. Afterward, please submit the list of those who have signified their willingness to undergo the intervention on or before February 20, 2026 (Friday). This will enable us to finalize and plot the schedule for the intervention sessions.

We sincerely appreciate your continued support in promoting mental wellbeing within the University.

Respectfully yours,

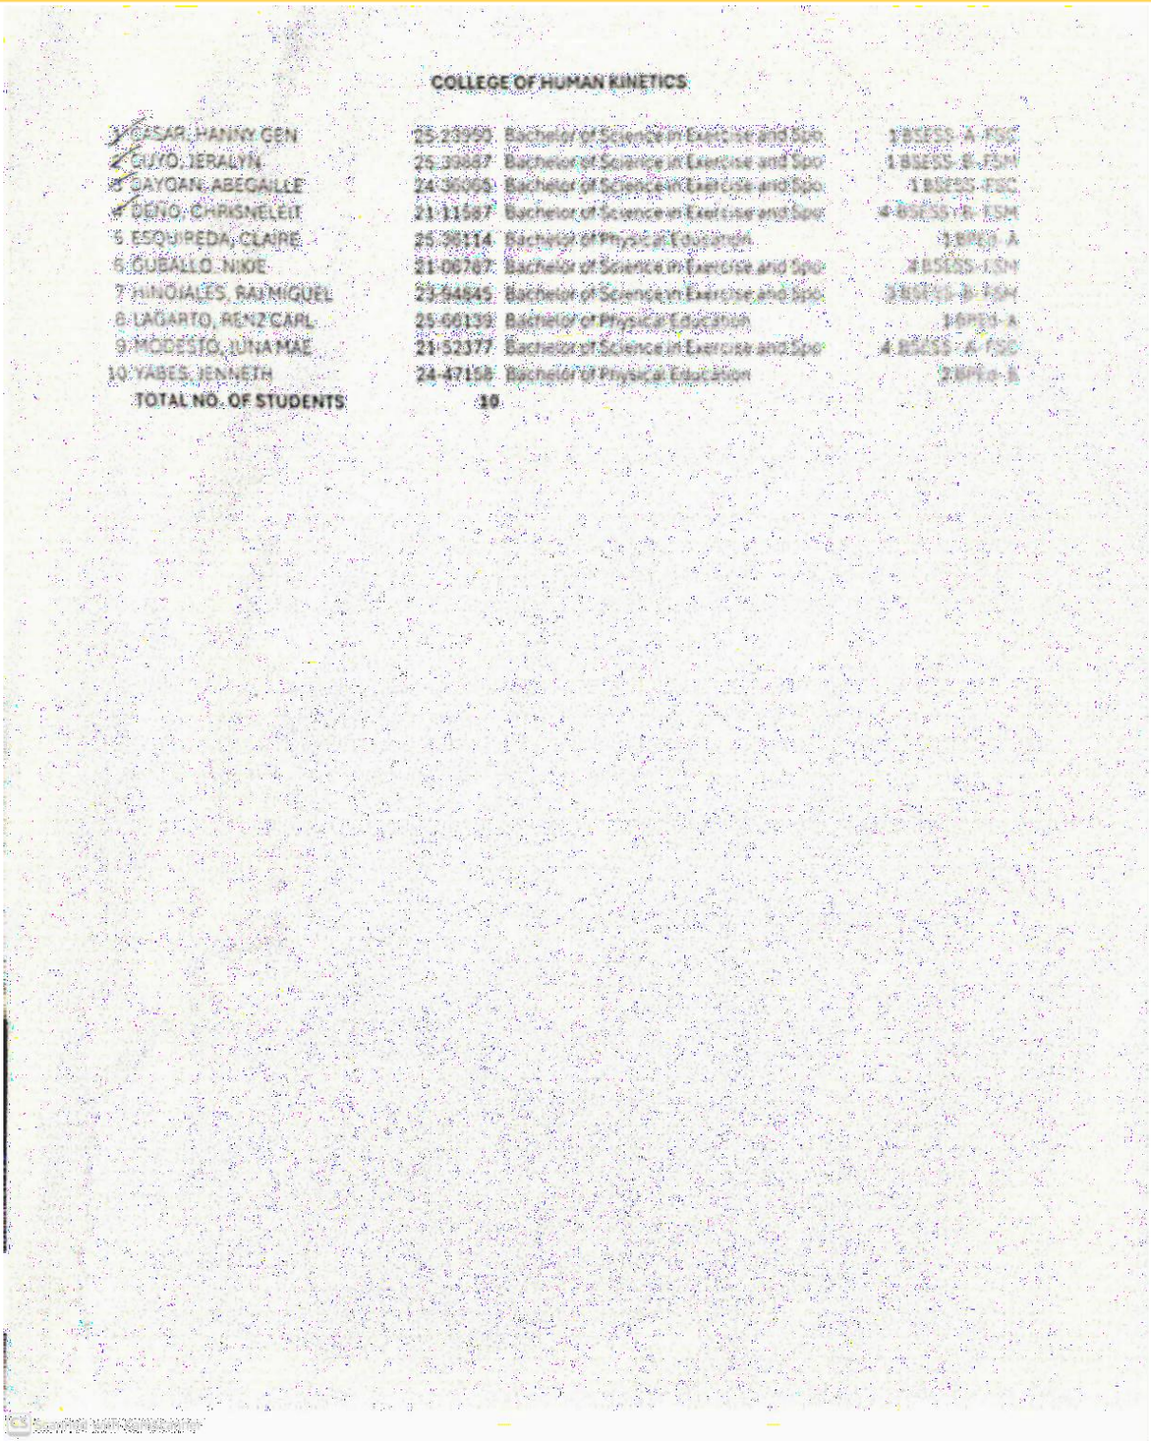

MARIA ANGELIKA T. BALUNGAY

The Counseling and Career Department (CCD) of the Office of Student Affairs (OSA) presents another feature for our "CAREER TALK SERIES" and this time we have an alumnus from the University Laboratory School (ULS). The CCD Career talk Series intends to showcase outstanding and inspiring alumnus/alumna of USM who will be answering some questions which we hope will provide our students ideas, insights, and pieces of advice to motivate them to study and persevere, to aim for their dreams no matter how hard it is, and to make these ambitions into realities. The CCD hopes to show to our students that USM graduates are competitive, inspiring, and lives the values USM stands for.
In these slides and the youtube video (click the link attached), learn more about how ULS helped our alumnus, Dr. Winston Leo C. Torrijos.
CCD is proud to show you the video of Dr. Torrijos as he shares his thoughts in this video:

Dear Sir,

Greetings!

The CCD has recently begun its scheduled seminars for students this semester. These sessions aim to provide valuable learning opportunities that support student growth and development.

However, we have observed that participation is currently limited to students on the main campus, thereby preventing those at satellite campuses, such as USM PALMA, from attending.

In line with our commitment to ensuring equal access to services, we respectfully request that CCD seminars be live-streamed. We believe that providing live-stream access can maximize the reach of our programs and with this, students from satellite campuses can participate, engage in discussions, and benefit equally from the knowledge and opportunities that these services offer without being hindered by location.

Attached is the approved schedule of seminars to be conducted this semester.

We sincerely hope this request receives your favorable consideration. Thank you very much for your time and support.

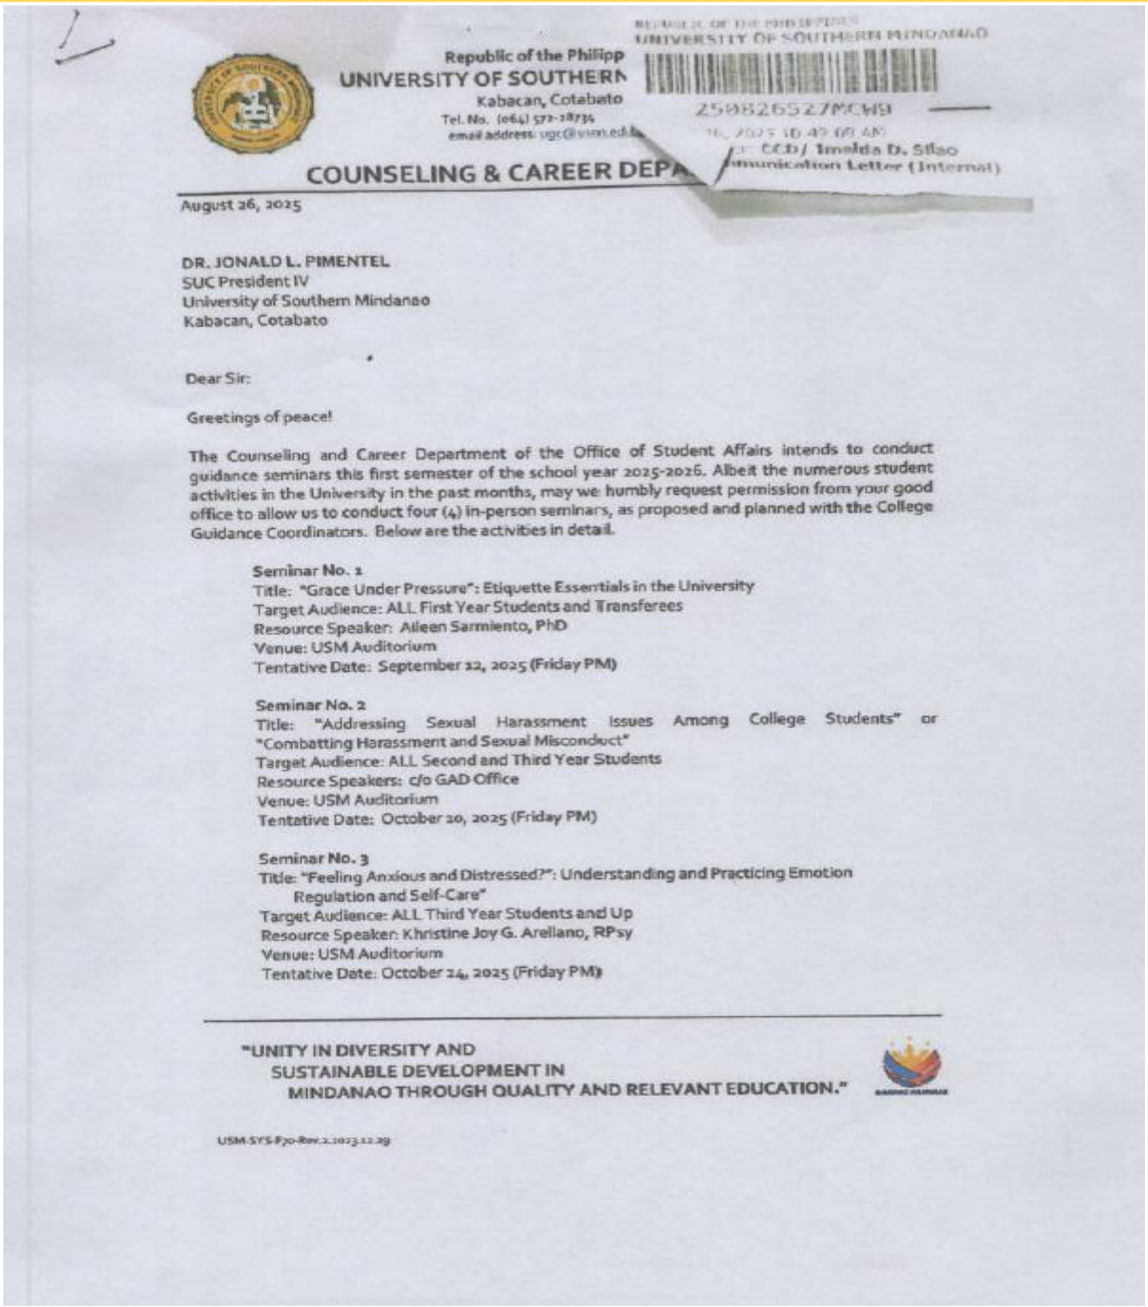

Respectfully yours,

BACHELOR OF SCIENCE IN MANAGEMENT ACCOUNTING

The Accountancy Department students showed strong engagement in practical, organizational, and academic activities, and these have produced recognized achievements.

Engagement. Students took part in the student laboratory cooperatives, where they apply classroom accounting concepts to real operations. The photos show them at a head office and at a partner insurance company, which suggests exposure to actual business settings and a closing activity for the program. The department also supports student organizations through events such as SOALIS and a testimonial ceremony, which build leadership, teamwork, and professional values alongside technical skills.

Achievements.

- **Research: At the 27th Gawad Parangal, two students received the award for Most Outstanding Research Paper in the Social Science category, and two others were recognized for research in-house participation (poster and paper presentation, Applied/Innovation category).**
- **Licensure and career readiness: Six students are recognized as passers of the March 2026 Civil Service Examination, a credential that supports their employability in government and the public sector.**

Significance. Together, these results show a balanced program: hands-on training builds practical competence, research develops analytical and critical thinking, and civil service passers show career readiness. They also reflect the department's goal of producing graduates who are both technically capable and professionally prepared.

Self-Injury Awareness Day.

Today, we shine a light on self-harm and self-injury—to raise understanding, break stigma, and remind everyone struggling that help is available. This day is about compassion, support, and opening a safe space for those who are in deep emotional pain.

You are ***not alone***. There is hope, care, and healing for you. Reach out, speak up, or simply know that someone cares.

You deserve love, kindness, and understanding—always.

USM STUDENTS ATTEND THE DISCUSSION ON UNIVERSITY STUDENT CODE REVISION

Today, May 04, 2021, the University of Southern Mindanao-Office of the Vice President for Academic Affairs with the Committee on the Revision of USM Code gathered students from various organizations and USM Campuses for a consultation meeting to reassess and revise the USM Student Code at the USM Commercial Building.

As students' rights vanguards, the Mindanao Tech staff attended the dialogue to give emphasis on the rights and contributions of journalism as one of the checks and balances of the University. They highlighted that policies are significant because they facilitate the university in constructing standard operating procedures, ensuring quality standards for learning and safety, as well as setting priorities and accountability.

Furthermore, the consultation covered the Book III of the code which is about The Academic Affairs as well as Book IV which talks about The Student Code. Its main goal is to define rules that protect students' rights as members of the USM community, as well as to clarify the duties, obligations, and standards that students must meet in order for these policies to succeed and remain stable. Students from the main campus and cluster campuses read the manual, raised questions and clarifications and suggested numerous revisions which are subject for approval of the administration and Board of Regents.

Thus, the Office of the Vice President for Students Affairs headed by Dr. Consuelo A. Tagaro recognized the value of the Student Code Manual as the primary document that details and protects students' rights.
