I. 7. Independent work and performance are encouraged and monitored in the following:

I.7.1 case studies/projects/reports;

GAZO, RIENA LENE R. **4/BSMA/C**

3rd ACTIVITY
"Buhay ay hindi karera (?)"

1. **What is the message of the song, and how does it relate to your life as a student?**

The song sends a clear message, life is not a race but a winding path where it's okay to walk slowly. The lyrics encourage us to take our time and not feel pressured to rush, starting fresh each day is a victory itself.

As a student, this message is like a gentle reminder to pace ourselves in a marathon rather than sprinting in a short race. The academic world can often feel like a constant relay race, where speed is prized and deadlines loom large. Just like in a marathon where a runner needs to conserve energy, I or we, students, must remember that it is important to understand our studies deeply rather than rushing to finish.

Taking time to grasp each lesson, reflecting on what I've learned, and managing stress wisely is like tuning a musical instrument – it requires patience for the best results. It's okay to take breaks and not compare our journey to others.

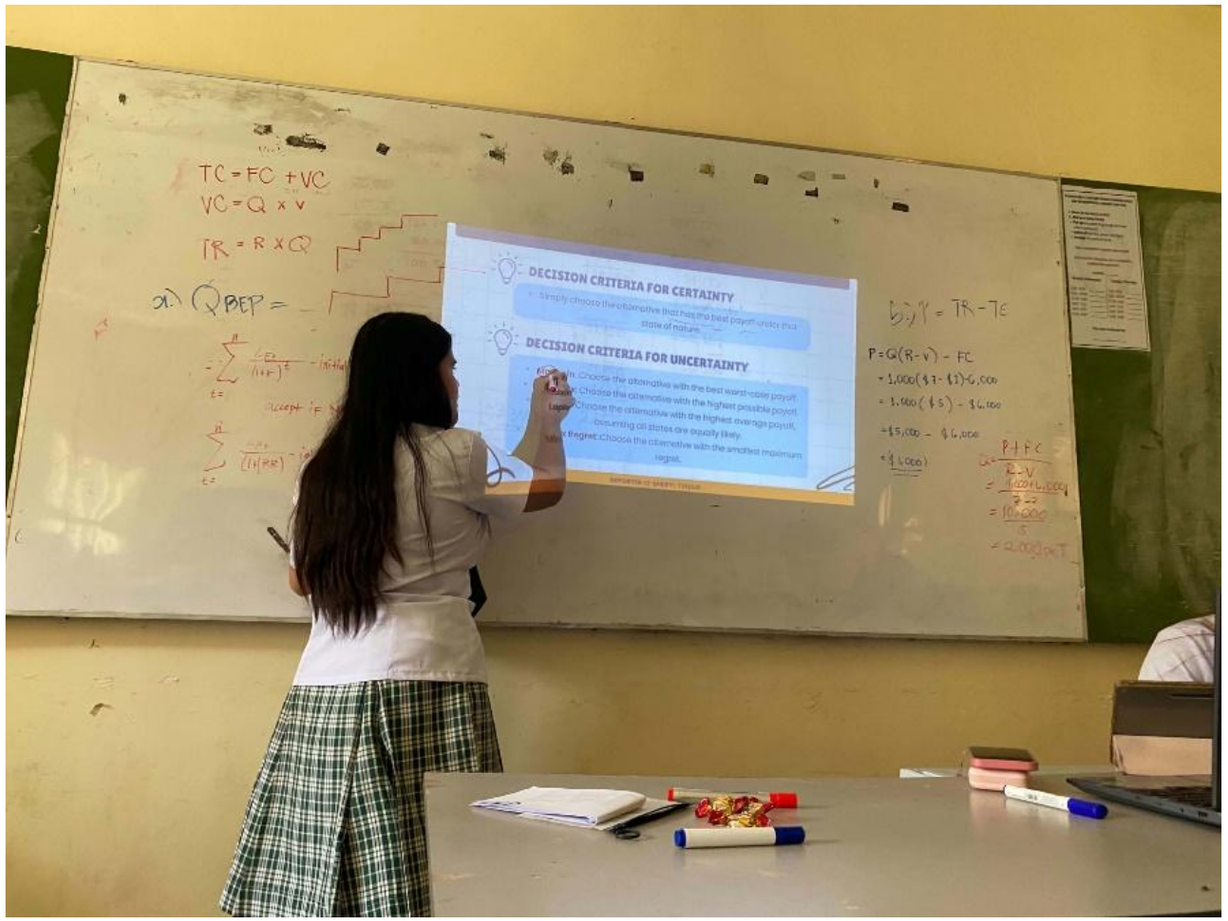

2. **The lyrics "Oh huwag mag-alala, buhay ay 'di karera | Oh dahan-dahan lang, buhay ay 'di karera | Buhay ay oh" suggest the importance of taking life slowly and not rushing through it. In light of this, what is your opinion about people who feel the need to rush through life, especially those who cannot afford to make mistakes because of their low financial situation and social status?**

When I think about those who feel the need to rush due to financial struggles or difficult social circumstances, it's like being in a race where the finish line keeps moving farther away. For many people, rushing is not a choice but a necessity, like running on a treadmill that won't stop. They may have to hurry to make ends meet or to create opportunities, leaving little room for mistakes or pauses.

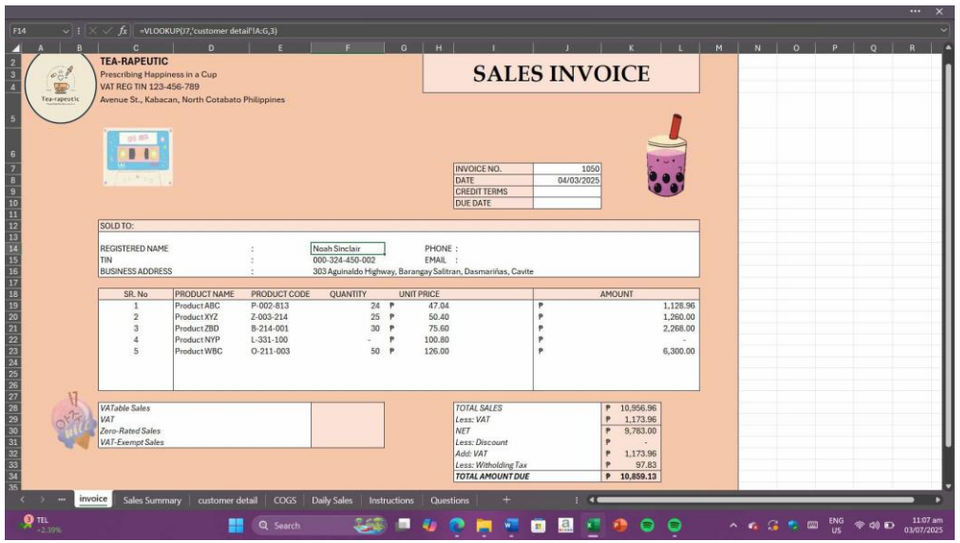

The song's advice to slow down might seem hard to follow for those in tough situations, but its core idea is still important. It reminds us that everyone deserves to have a chance to walk their own path at a comfortable pace, without being constantly driven by the fear of falling behind.

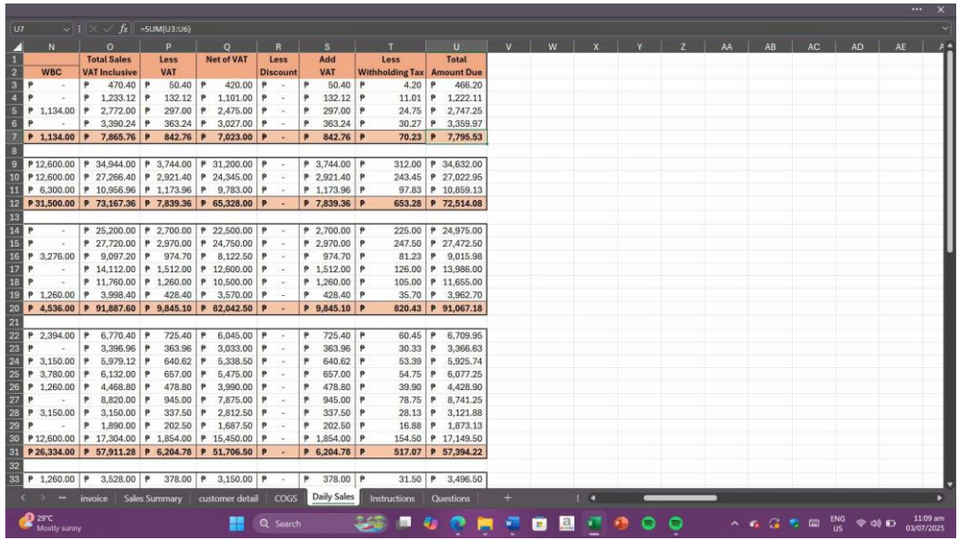

Addressing this challenge means working towards a world where everyone has the opportunity to walk at their own pace, not just those who can afford to take their time. Support systems and fair opportunities can help reduce the need for people to rush, making life more manageable and less stressful for everyone.

Song analysis as assessment submitted by a student.

Individual reporting of a student in class

Individual computer skills demonstration.

I.7.2. accounting practices;

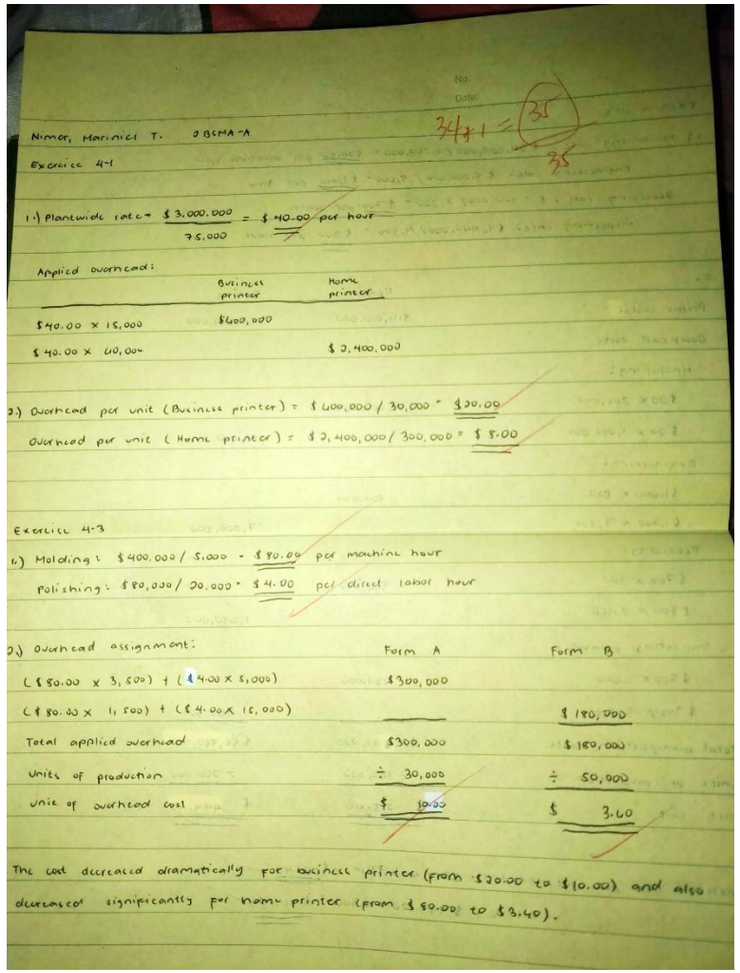

Individual reporting of accounting problems.

BACHELOR OF SCIENCE IN

MANAGEMENT ACCOUNTING

CURRICULUM AND INSTRUCTION

Nimor, Marinici T. 2 BSMA-A

Exercise 4-1

1.) Plantwide rate = $3,000,000 / 75,000 = $40.00 per hour

Applied overhead:

	Business printer	Home printer
$40.00 x 15,000	$600,000	
$40.00 x 60,000		$2,400,000

2.) Overhead per unit (Business printer) = $600,000 / 30,000 = $20.00

Overhead per unit (Home printer) = $2,400,000 / 300,000 = $8.00

Exercise 4-3

1.) Molding: $400,000 / 5,000 = $80.00 per machine hour

Polishing: $80,000 / 20,000 = $4.00 per direct labor hour

2.) Overhead assignment:

	Form A	Form B
($80.00 x 3,500) + ($4.00 x 5,000)	$300,000	
($80.00 x 1,500) + ($4.00 x 15,000)		$180,000
Total applied overhead	$300,000	$180,000
Units of production	÷ 30,000	÷ 50,000
Unit of overhead cost	$ 10.00	$ 3.60

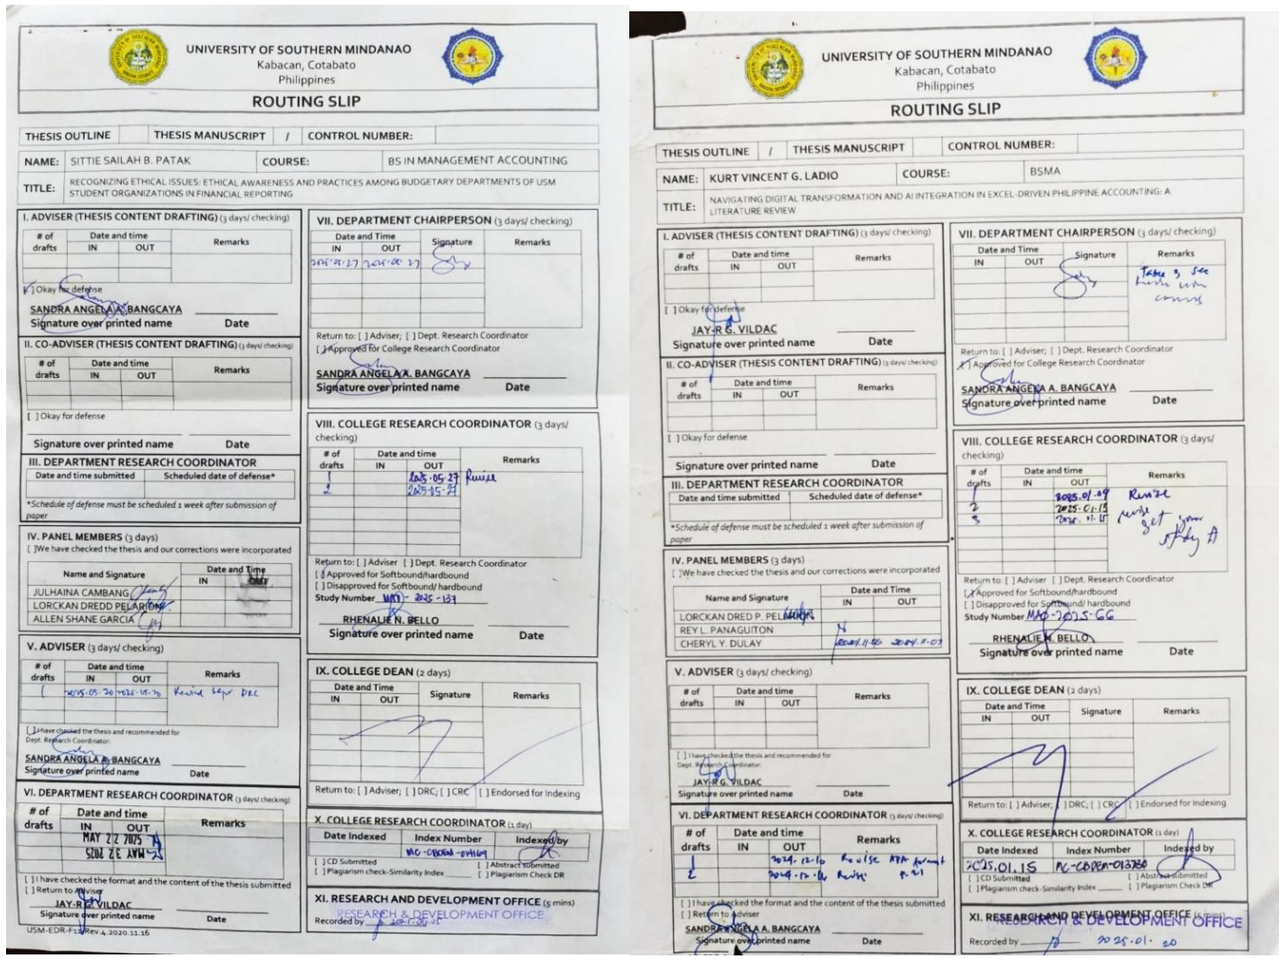

The cost decreased dramatically for business printer (from $20.00 to $10.00) and also decreased significantly for home printer (from $8.00 to $3.60).

Individual submission of assignment on accounting practices.

Independent board work to solve problems.

MANUSCRIPT DEFENSE COMMENTS FORM

Name Student: SITTIE SAILAH B. PATAK Date: MAY 20, 2025
Degree Program: BACHELOR OF SCIENCE IN MANAGEMENT ACCOUNTING
Major:
Title: RECOGNIZING ETHICAL ISSUES: ETHICAL AWARENESS AND PRACTICES AMONG BUDGETARY DEPARTMENTS OF USM STUDENT ORGANIZATIONS IN FINANCIAL REPORTING

Comments (use additional sheets, if necessary):

Chapter/Section	Comment	Action taken
III	- Include qualitative description and interpretation in the data analysis procedure.	- Table 1 was updated and an additional column was created for the Interpretation of mean for ethical awareness and interpretation of correlation coefficient
IV	- Recheck the tables, change the font of the table contents to 10 and adjust its spaces for the practices to fit in one page. - Add supporting literature to the results and discussion. - Separate the table 5 into table 5, 6, and 7. - The statements should be specified and not in numbers in the paragraphs	- Table contents was justified, font was change to 10, and contents such as Frequency, and Percentage were adjusted to give way for the practices. - Supporting literatures was added in every table to support the theory based on studies - Tables were separated into three: items for faithful representation and completeness, verifiability, and continuity
V	- Add the recommendations based on the results of the research	- Recommendations regarding the result about the positive relationship of ethical awareness and ethical practices was added
