

RESEARCH FACILITIES, EQUIPMENT, ICT AND OTHER RESOURCES

The University research facilities, equipment, ICT, and other resources that the researchers are using are mentioned below:

Research Facilities, Equipment, ICT and Other Resources	Location	Area or Capacity (Whichever is applicable)	Research Service Offered
A. Facilities			
1. ISPEAR Research and Extension Office	Besides USM Fitness Center	40 sq. meter	• Venue for research and extension meetings and proposal and manuscripts defense • Provides copies of research reports of students and faculty members • Provides compilations of researches in the college
2. Research and Development Office	USM Extension Building		• Coordinates all research activities performed by the units and personnel of the university on and off campus • Establishes research priority areas in consonance with and in support of regional/national research priority areas • Initiates the establishment of strong linkages with other public and private, domestic and foreign research agencies and organization • Publishes the University Research Journals • Conducts periodic evaluation of research programs of the university • Provides appropriate incentives for outstanding researches done by the university faculty and staff
3.University of Southern Mindanao Agricultural Research Center (USMARRC) Administration	USMARRC Complex	300 hectares	• Spearheads research and development in the countryside in Southern Philippines • Serves as the national research center for corn, sorghum, and fruit crops • Serves as the regional/cooperating station for fruit crops, legumes, rice root crops, poultry and livestock, farming systems, soil and water resources, socio-economics, vegetables crops, forage and pasture, and sugar cane

			• Conducts trainings and seminars to bring technologies and information generated to end-users and farmers
4. Central Analytical Laboratory	USMARC	1, 788.75 m2	• Food products/Feeds (crude protein, crude fiber, crude fat, moisture, ash) content analysis • Soil Analysis A. Chemical Test ▪ routine analysis (Organic matter/carbon, Extractable Phosphorous, Exchangeable Potassium, pH); Lime requirement; Total nitrogen, Exchangeable Ca (AAS), Exchangeable Mg (AAS), Exchangeable Na, Exchangeable Al, Exchangeable potassium, Macronutrients (Zn, Cu, Fe, Mn) Carbon Exchange Capacity) B. Physical Test (Moisture content, texture, particle density, water holding capacity, field capacity) • Plant Tissues (Sample preparation, dry ashing, total nitrogen, total phosphorous, total potassium, dry matter [oven drying] , Calcium [AAS], Micronutrients [Zn, Cu, Fe, Mn] • Fruits (Total titratable acidity, total soluble solids, pH, starch, reducing sugar) • Water analysis (pH, Calcium,[AAS], Magnesium [AAS], Sodium, potassium, Micronutrients [Zn,Cu, Fe, Mn], alkalinity, Acidity, Lead) • Fertilizer/Organic Fertilizer, other than guano (Total nitrogen, total potassium, total phosphorous. - Phytochemicals (Tannin, saponia, flavonoids, antraquince, alkaloids)
5. Genetic & Molecular Biology Laboratory	USMARC	58.30m ²	• Purity analysis of inbred lines • Fingerprinting/Diversity analysis

			• ELISA virus indexing in Banana and Abaca (4 viruses)
6. Animal Research Laboratory	USMARC	58.30m ²	• Training skills on artificial insemination in goats and sheep • Training skills on laboratory processing, storage and evaluation on semen in goats and sheep • Semen diagnostic/evaluation • Semen banking • Training on: (Module 1. Small ruminants multiplier and commercial forms & module 2. Production and management of goat and sheep)
7. Seed Laboratory a. Seed Processing and Cold Storage b. Commercial Seed Storage Germplasm Cold Storage	.	1,152 m ² 172.8m ² 59.052m ²	• USM High Yielding Open-pollinated Varieties of Corn (USM Var 1, USM Var 2, USM Var 3, USM Var 5, USM Var 6, USM Var 8, USM Var 9, USM Var 10, USM Var 12, USM Var 14, USM Var 16 & USM Var 18)
8. Philippine Industrial Crops Research Institute (PICRI)	USM Compound	300 hectares	• Conducts researches on rubber, coffee, oil palm, and spices • Develops and improves appropriate commercial technologies for sustainable livelihood in agriculture

B. ICT Resources	Location	Area or Capacity/ (Whichever is applicable)	Research Service Offered
1. Information Communication Technology Center (ICTC)	USM Compound	476 sq. meter	• provides online services • documents various university activities • provides e-classrooms • upgrades online grade submission for faculty • develops and implements computerized priority queuing system
2. University Learning Resource Center (ULRC)	USM Compound	2400 sq. meter	• Provides information resources to support academic. Students, teaching and research needs of the faculty

3. Research software	USM/Remote access		The university purchased licenses for Turnitin software (for plagiarism checks), and is finalizing the purchase of SPSS (to be managed by research coordinators) and Grammarly (for English editing).
-----------------------------	--------------------------	--	--

C. Other resources/ Specialized Research Center (e.g. Center for GAD, Center for Population Studies)	Location	Area or Capacity/ (Whichever is applicable)	Research Service Offered
1. Gender and Development Center (GAD)	USM Compound		- Conducts gender-related researches and activities - Initiates continuing linkages and partnership with the Mindanao Commission on Women (MCW), CHED Region XII, CHED Central Office and the Philippine Commission on Women (PCW)
2. Cotabato Agriculture and Resources Research and Development Consortium (CARRDEC)	USM Compound		Develops strategies and implements a dynamic system of research management efforts in Cotabato Region
3. Philippine Carabao Center (PCC)	USM Compound		- Orchestrates Research and Development efforts to improve the performance of the Philippine Carabaos - Provides technical assistance to target beneficiaries
4. Philippine Rubber Testing Center (PRTC)	USM Compound		- Lone national rubber testing center of the Philippines - Ascertains quality measure in the processing of dried natural rubber

5. USM CHED Zonal Research Center	USM Compound		• Manages research capability building activities and research productivity enhancement of member HEIs by facilitating and strengthening linkages among them and with other R&D organizations in the regions covered
6. USM Biodiversity Center	USM Compound/Don Basco Batasan, Makilala, Cotabato		• Cite of Biodiversity Researches • Laboratory Area for Biodiversity classes
7. High value crops and Processing Center	USM		• Development and testing of food products

USM campuses to benefit from free WIFI

By Melecio A. Cordero, Jr., UICTO

The University of Southern Mindanao (USM) through the University Information and Communication Technology Office (UICTO) is now providing free Internet service or public wifi to the students and employees in USM Kabacan, Kidapawan, and Buluan campuses.

A total of 15 Wireless Access Points (WAP) was installed: 11 in USM-Kabacan, three in USM-KCC and one in USM-Buluan.

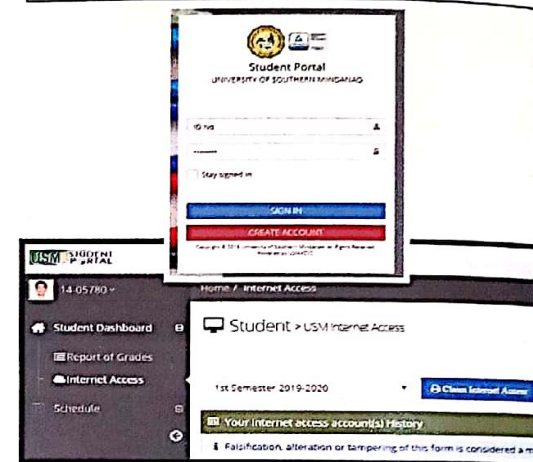

In the main campus, the users can access the internet in the College of Arts and Sciences (CAS), College of Business, Development and Management (CBDEM), College of Education (CED), College of Veterinary Medicine (CVM), College of Engineering

and Information Technology (CEIT), Institute of Middle East and Asian Studies (IMEAS), College of Agriculture (CA), College of Human Ecology and Food Sciences (CHEFS), Women's Dorm, UICTO, Science & Technology Building, and Administration Building.

To ensure accessibility of the service, students can avail of the use of the internet and other facilities inside the UICTO Net Lab.

To access the free internet, students should register and create their portal account on a one-time registration only through the University website, www.usm.edu.ph. After the validation, students may log in through the portal and claim their internet access account.

- How to avail Internet account?
1. Open the University website (www.usm.edu.ph)
 2. Click the link Student Portal
 3. Enter your ID number and password
 4. Under the Student Dashboard menu, select Internet Access
 5. Finally, click the button "Claim Internet Access"

Free WIFI for faculty, staff, and students (Source: *USM Monitor*)

Resolution No. 121, Series of 2016 – Authorizing the University President to utilize the MOOE Savings realized from Fund 101 for the CNA incentive of USM officials and employees for FY 2016, subject to full compliance with Budget Circular No. 2016-7, dated December 1, 2016, Re: Guidelines on the Grant of Collective Negotiation Agreement (CNA) Incentive for FY 2016, approval of the Department of Budget and Management Regional Office No. 12 (DBM-12), and the existing government accounting and auditing rules and regulations.

**On Making Spaces for Philippine Oral Literary Traditions
in Southeast Asia: A Critique**

Estella B. Barbosa
University of Southern Mindanao

The paper 'Southeast Asian Literary Traditions and the Philippines' by Bienvenido Lumbera describes the significance of establishing a linkage between literary traditions found in the Philippines and the traditions described in its ASEAN neighbors. The oral literature of the Philippines, being indexical to the country's 'precolonial' past serves as an important vehicle in shaping cultural bridge with its ASEAN neighbors. The paper is framed from the idea that there is a need, for the Philippines, to link up with the cultures in Southeast Asia for survival in the so-called 'era of globalization.' And being one of the countries in the periphery, the Philippines needs to maintain its firm hold on a sense of identity and the national interest it represents in the larger socio-political, cultural and economic landscapes. It is through the country's oral literature to be intellectualized in its national language, Filipino, that the process of reclaiming its place in the cultures of Southeast Asia might partially be carried out.

The strength of the paper lies in its attempt to establish a cultural bridge between the Philippines and other ASEAN-member states and its recognition that the 'decolonization' of Filipino consciousness is a process which remains to be completed. In the process of linking up with Southeast Asia, the paper specifically describes affinities between the forms and functions of Philippine oral literature and the literary culture of its neighboring Southeast Asian countries. This affinity is established further by mentioning similarities of literary traditions in the region, such as the religious content of the traditions owing to the influences of Hinduism, Buddhism, Islam and Christianity. Another motif observed by Yabes (cited by Lumbera in Hall & Tope, 1999) is that folk narratives of animist provenance abound in the region. In the same vein, the author also discusses various forms and functions of Philippine oral literature ranging from riddles and proverbs to songs and epics. These oral literary traditions serve as 'indexes' to the cultures of the communities. After all, oral literature is one of the ways people in the community shape their own worlds, value their traditions and 'perform' their ethnic/cultural identity.

Another strength described in the paper is its emphasis on the effects of globalization in the Southeast Asian region, particularly the Philippines. Globalization is a double-edged sword. There are winners and losers. And most likely, the winners are those rich industrialized countries and economic powerhouses while the losers are those countries in the periphery, like the Philippines. The paper takes a firm hold on recognizing that the decolonization of the Filipino consciousness is a process which remains to be completed. This process of 'decolonizing' or 'dehegemonizing' is an attempt to collectively firm up the country's relations with its neighbors. In the tension between sense of belonging (being in ASEAN) and loss of national identity, the paper offers a partial resolution by devising a strategy for survival: *recovering oral literature through the national language, Filipino.*

UNIVERSITY INFORMATION AND COMMUNICATION TECHNOLOGY OFFICE

USM Virtual Learning Environment (VLE)

VLE is an acronym for Virtual Learning Environment. It is a Learning Management System (LMS) for the University of Southern Mindanao used to deliver course content and host online learning activities. It is dubbed as VirtualU: Virtual University. VLE is adopted from Moodle Learning Management System (LMS). It is a flexible, open source and free to download learning management solution. (<https://moodle.org>) The University has 2 servers with the following domains <https://vle2.usm.edu.ph> (Premis Server) and <https://vle.usm.edu.ph> which is hosted from Amazon Web Services.

Turnitin Philippines University Southern Mindanao Renewal Proposal

02 July 2020

Prepared by
Rose Crisostomo
Account Manager, Philippines
rcrisostomo@turnitin.com
+63917 103 6034

To: Mr. Eugene G. Ranjo
Deputy Director, University ICT Office (UICTO)
University of Southern Mindanao

Dear Mr. Ranjo

Thank you for your continued trust in Turnitin's products. We are happy to present to you this renewal proposal. Feedback Studio is a similarity checking and feedback service that safeguards your institution's reputation and reduces time consumed by manual grading and feedback processes. Instructors have the ability to drag and drop standard or customized comments directly onto the student's paper or even leave voice comments, while rubrics can provide students with guidance on marking scales and promote consistency.

In avoidance of doubt, all our Philippines Peso transaction will be billed under our Exclusive Billing Representative, ***LibTech Source Philippines, Inc.***

About Turnitin

Turnitin is your partner in fostering original thinking and research through its suite of products, including Turnitin Feedback Studio. Turnitin solutions promote academic integrity, streamline grading and feedback, and improve outcomes across educational levels and content areas. Turnitin leverages cutting-edge technology to provide tools that prevent plagiarism, deliver formative and summative feedback, surface actionable reporting, and investigate academic misconduct. Growing from one million student paper submissions in 2002 to one billion in 2018, Turnitin serves over 15,000 institutions globally and is headquartered in Oakland, California, with international offices in the U.K., Netherlands, Australia, Korea, India, and throughout Latin America.

In Summary

We have data going back twenty years around the effectiveness of using Turnitin and it consistently shows that over time Turnitin use decreases the amount of unoriginal work being produced by students. Furthermore, we have enhanced our capabilities on new trends in plagiarism and by subscribing to Turnitin you will get the best protection in the market.

Key Features of Turnitin Feedback Studio

1. Content Databases

- Internet archive
- Premium scholarly publications
- Global student papers databases

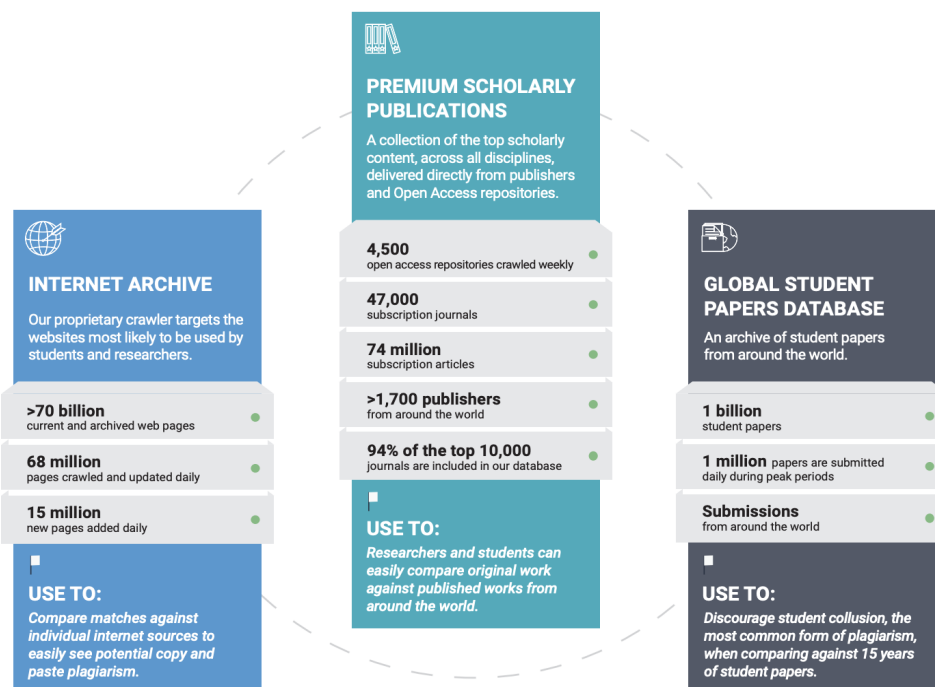

2. Repositories

- Local
- Consortia

3. Formative options

- Grammar checker (ETS Rater)
- Robust rubrics
- GradeMark/PeerMark

Turnitin has three primary databases. Each one can be used to help identify different types of plagiarism.
